REGISTRATION PROCESS

Submit Profile Information

Complete the 'Application' Form, and submit to PDPA@cpawsb.ca to request that CPAWSB create a My CPA Portal profile for you. Once your profile has been created, you can register for approved modules via My CPA Portal.

Register for a Module

During the registration period, follow the steps below to register for PDPA/CPARE modules:

- Log into My CPA Portal at my.cpawsb.ca.

The screenshot shows the login page for the My CPA Portal. At the top, there is the CPA logo and the text "CHARTERED PROFESSIONAL ACCOUNTANTS" and "WESTERN SCHOOL OF BUSINESS". Below this is a blue box with the word "Login" in white. Underneath "Login" are two white input fields: "Username" and "Password". Below the "Password" field is a green button with the text "LOG IN" in white. At the bottom of the blue box, there is a link that says "Forgot your password?".

- Select **Module Registration** from the drop-down menu to see which modules are available for registration:

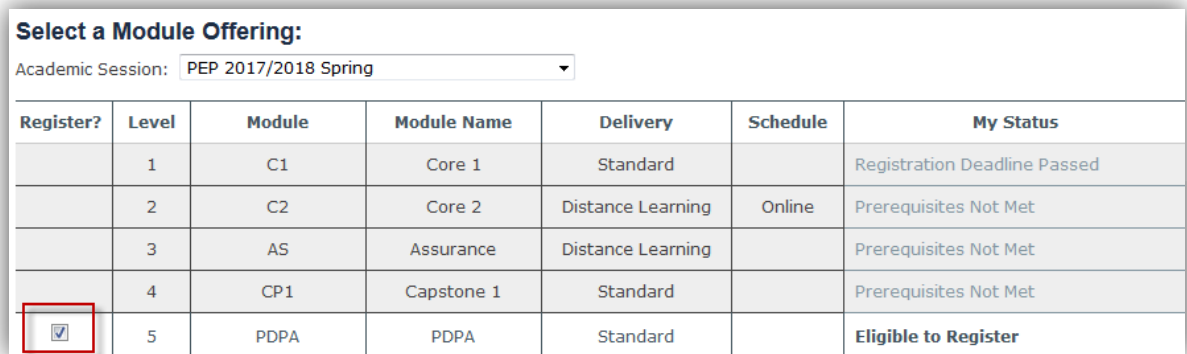

- Click **Add Module Registration**:

- Indicate the appropriate academic session from the dropdown menu:

- After the session has been selected, choose the desired module for registration, then click **NEXT**:

- Choose your preferred exam and workshop locations for your module. **The PDPA-Tax and PDPA-Assurance modules include both a workshop and an exam.** In contrast, the PDPA module and CPARE module do not have a workshop; however, you are asked to input a requested workshop location during the PDPA module registration process. This is an administrative step only; a workshop location preference is requested simply to work

around the limitations of our registration management system. **PDPA module and CPARE module registrants are NOT required to attend a workshop, only an exam.**
